## Welcome to the game

A very warm welcome to Mill Meadow for our first game of the new 2023-24 season.

This afternoon we welcome Wallingford & Crowmarsh for this Emirates FA Cup Extra Preliminary Round tie.

We particularly welcome their players, supporters and officials to Chalfont and hope they enjoy their brief time with us.

Also welcome are our match officials, Matthew Funnell, Monicah Kusemwa and David Sampson.

If last season was The Great Escape with everything bar Steve McQueen on a motorbike, Easty and Liam have been building a squad for this season that will be demanding better things, perhaps even playoffs.

There was a lot of positives taken as the pre-season friendlies charted a growing, improving squad with a strong sense of identity and mutual support.

Being thrust straight into the FA Cup first time out can be a huge challenge, and although Wallingford are in the same division as ourselves, the thrill of a possible cup run just adds to the excitement of the day.

A home tie against local rivals Marlow awaits today's winners. A replay at Wallingford on Wednesday

will be needed if we cannot be separated today.

League action begins next Saturday with a trip to Egham. We suffered two heavy defeats against them last season so will certainly be fired up to redress the balance. Hilltop will be our first home visitors on the 15th and we will be looking to achieve a strong advantage for future home games.

Fixtures are a little thin on the ground at the moment as the league struggles to overcome the confusion caused by such a large number of groundshares in the league. In our division nearly half the clubs are either host or tenant to other clubs. Much has been said about the position the Combined Counties finds itself in with the highest number of shares of any other league in the country. It is far from ideal.

Hopefully, fixtures for September and onwards will be available very soon. The bad weather of last season, and the resulting fixture pileup in April had seen calls grow for a front loading of games so a slightly higher number of midweek games may be scheduled which, if there is no poor weather, may see an early finish for some clubs. It's not a straightforward process.

**UPDATE: Fixtures are now available**

**On the cover  
Cadell Fraser-Robinson**

Another change, is the addition of playoff games for promotion.

There are already rumours of a number of clubs planning to spend their way out of the league so competition for playoff spots, as well as the title itself, will be severe. We have to believe that we can get ourselves into the mix for the final places.

Work has been non-stop off the pitch as well with lots of jobs completed and numerous touches around to smarten the ground up. Most obvious is change of turnstiling which should make things easier for spectators to access the ground. The car park will be limited to players and

officials.

Our popular keeper, George Zammit, suffered a serious knee injury in a preseason game . We are helping to raise funds to help George receive the best treatment. If you would like to donate, please go to [gofundme.com](https://gofundme.com) and look for George's page. Every help is much appreciated. Thank you.

Enjoy the game and safe home afterwards.

## Today's visitors

### Wallingford & Crowmarsh

Wallingford's football history dates back to at least 1889. A report in the Oxford Journal of 27th April 1889 shows "a match was played in the Croft on Easter Monday between the Wallingford Football Club and the Queen's Park Rangers, London, resulting in a draw, two goals each". A Wallingford side competed in the inaugural season of the North Berks Football League in 1909-10 but Wallingford Town Football Club was not formed until 1922.

The newly formed Wallingford Town won the North Berks War Memorial Cup in 1922 and 1923 and the Charity Shield in 1929. Having finished as North Berks Division 1 runners-up in 1923-24, the club switched to the Reading & District League and were crowned Premier Division winners in 1935-36. We were founder members of the Hellenic League in 1953 became Hellenic League Premier Division champions in 1968-69 League Cup runners-up in 1982-83. After 36 consecutive seasons, our Hellenic

premier division status was lost in 1989. A short spell in Hellenic League Division One followed before a switch to the Chiltonian League.

In 1995, AFC Wallingford was formed by the merger of Town and Wallingford United, then members of the Chiltonian League and themselves seven-time winners of the North Berks War Memorial Cup. AFC Wallingford spent 3 seasons in the Chiltonian League, winning the 1995-96 League Cup final against Denham & the League title in 1997-98. Carl Henry was the goal-scoring sensation that season, setting a club record with 62 goals. With the championship came promotion to the Combined Counties League.

Progress continued under manager Dave Crowdy and in 2000-01 he led 'Wally' to runners-up positions in the Combined Counties League and Berks and Bucks Senior Trophy. Season 2001-02 saw the club go one better, winning the Combined Counties Championship and the Berks and Bucks Senior Trophy, beating Milton Keynes City 3-2 in a thrilling final. Striker Andy Shildrick won the Combined Counties Golden Boot award for the top goal scorer in 2002-03, as we were pipped to the league title firstly by Withead and then by AFC Wimbledon.

The summer of 2004 saw major

upheavals and 2004-05 turned into an unsuccessful struggle against relegation. We bounced back at the first time of asking but it was a brief upturn in fortunes. Having been transferred back to the Hellenic Premier in 2006, relegation to Division 1 followed. The financial strain of remaining at step 6 of the national pyramid began to take its toll. A rapid decline in fortunes followed. In 2008 the club decided to step back to local football returning to the North Berks League after an 84-year absence.

In 2013 we reverted back to Wallingford Town FC, and switched back to the original 1922 colours of red and white stripes. The club applied to return to the non-league pyramid in the 2017/18 season with then Chairman Simon Cowlard and 1st Team manager Duncan Mitchell attending a meeting at Wembley Stadium with The FA to put a case forward for re-submission. The move-up was granted and after 4 seasons in the Hellenic League East, the club moved back to the Combined Counties League after The FA performed a re-structure of Step 5 & 6 leagues.

In the summer of 2021/22 season and with the club's committee weakened by the resignations of several key members, former manager Glenn Goudie, who managed the 1st team for three seasons, stepped into the Chairman's role and his

first task was to appoint former Ardley United manager Lee Matthews as 1st team manager. Matthews and his squad gelled quickly and were unbeaten after 17 league games. A club record of games without defeat. After a nervy January, the side began to hit form at the key stages of the season, and promotion was gained via the playoffs, beating Hilltop 2-1 AET.

At the beginning of the 2022/23 season, the club became Wallingford & Crowmarsh FC after an amalgamation between Wallingford Town and Crowmarsh Youth in an effort to boost community involvement and improve player pathways. The club now boasts 35 teams from U6 to adults male and female teams. The 1st team finished a respectable 10th place in the CCL Premier North.

The club is very grateful to all our sponsorship partners and the club is determined to become stronger over the next few seasons.

# Our Club History

## Chalfont St Peter AFC

The club was formed in 1926 and played local junior football from its ground on Gold Hill Common.

1948 saw a move to the Great Western Combination and a year later the club moved to its present location, although the picturesque name of Mill Meadow belies its origins as a refuse tip. As the club developed off the field thanks to the support of many volunteers so success began to arrive on the field and in 1952 the first silverware was won, the Berks & Bucks FA Intermediate Cup. Senior status followed and progress through the Parthenon League, London League and Spartan League followed.

The early 1970's were difficult for the club but a move into the Athenian league saw a change in fortunes.

The 1980's, now in the Isthmian League, brought some consistency in league performances and some successful campaigns in the FA Cup and FA Vase.

The 1990's was another difficult decade, culminating in a low point of two successive bottom places.

2001/02 saw a rebuild under Martin Dean with a good start to the season but

a subsequent falling away saw them finish 14th. The lower echelons became the accustomed territory for Saints for several seasons until Dean's departure at the end of the 2003/04 season.

Managing Chalfont to victory in the Berks & Bucks Under-18 Challenge Cup was a young Danny Edwards. His reward was to be handed the reins of the First Team for the new season. And so began a rollercoaster ride of success and near misses that continued until just recently.

A restructuring within the Isthmian league at the end of the 2005/06 season saw Saints moving to the Spartan South Midlands Premier League.

2006/07 saw a top half finish in their first season in the Spartan and a trophy for the cabinet, the Wycombe Senior Cup, secured with a 7-0 win over Downley Albion at the Wycombe Wanderers ground.

2007/08 was a hugely successful season. Danny Edwards was developing an exciting squad and the style of play was both entertaining and successful. Good runs in both the FA Cup and FA Vase came together with a Final appearance in the Premier Division Cup. Topping them all was winning the Challenge Trophy with a 2-0 win over Brimsdown Rovers. A close three-horse race in the league saw Saints pipped at the post into runners-up spot.

2008/09 was about building on the standards set in the previous season. And it didn't disappoint. Some top scalps in the FA Cup heralded a season of cup runs. The FA Vase was the crowning glory, with the Saints making it all the way to the semi-final and being heart

breaking seconds away from winning the right to play at Wembley. Saints were in the hunt for the league title all the way to the last week of the season but the fixture congestion caused by the cup successes began to tell and they couldn't quite make it across the line, eventually finishing a brave third.

Expectations were high going into season 2009/10 after going close to promotion in the two previous seasons. A slow start and a nightmare run of losses in October saw the title chase wobble and rapid exits from all cup competitions. But an incredible run of form with just one defeat in 23 took Saints to the top to the pile where they became the target for other teams' top performances and it wasn't until they were overtaken by Aylesbury in the last two games that they had to settle for the runners-up spot again.

At the start of 2010/11, the aim was clear: promotion was the number one target. Getting off to an incredible start in notching up seventeen straight wins, Saints grabbed top spot and refused to relinquish it for the entire season, never being less than four points clear at any stage. The focus was clear and any progress in the cups was quickly curtailed. Such was the dominance in the league, the champagne corks popped with five games to spare as the title was secured. The curtain was brought down on the record breaking season and their five year stay in the Spartan League by winning the Challenge Trophy for an unprecedented league and cup double. For the 2011/12 season, life was expected to be a trial for Saints yet they

made a bright start in their new environs and quickly acclimatised. For long periods they were genuine contenders but a poor end to the season saw them fall away into the mid table.

2014/15 saw the goals begin to return. A promising start saw the side hard to beat but too many draws held them back. A run in the FA Cup, was coupled with a strong run in November that saw the club in a playoff position but from such heights, a miserable New Year run saw them tumble down into relegation territory. It took a stubborn recovery in April to ensure eventual safety.

2015/16 was a highwater mark for Saints in their current run in the Southern League. Putting aside an early exit in the FA Cup Saints went on to head the table at New Year and looked set for their first tilt at the play offs, if not more. Sadly they repeated the poor run of results thereafter and fell away to finish sixth. Still an excellent all-round season as Tony Mendy secured top scorer honours in the division with 30 goals.

In contrast, season 2016/17 was possibly the poorest in over a decade. A storming start to the season saw Saints in top spot throughout August but the hole left by the departed Mendy was never filled and as the goals dried up so the tumble down the table gathered pace. Some poor signings added to the problems and the second half of the season delivered just four wins and for a while relegation was a real possibility before safety was finally achieved.

2017/18 was one of our most exciting seasons in the Southern League, our seventh, with the side in playoff

contention right up until the final few games. Our peerless record against those sides who ultimately claimed the top places, with just the single defeat in 12 games, including a notable double against champions Beaconsfield Town, underlined how competitive a side we were. Still struggling for goals, it was our defence that led the way with 16 clean sheets. It was a season that saw ever-green skipper Alan Hedley pass the 500 games mark and manager Danny Edwards reach 700 games in charge. Saints embrace change but enjoy stability at the same time.

2018/19 saw Saints return to the Isthmian League after 12 seasons as football was restructured. An inconsistent defence and a shortage of goals ensured Saints were unable to escape the mid-table places. Towards the end of the season, Danny Edwards signalled his wish to step down from the role he had held with such distinction and Saints had to begin the process of finding a new manager.

If 2019/20 season became the one that never happened, it provided a new launch point for Chalfont as Finlay Johnson took over the reins. New faces and promising youth saw the season start well but a lack of goals eventually started to take its toll. A mid-table finish looked to have been secured before the lockdown put a premature end to the season.

Silverware for both the Under-18s and the Under 23s certainly raised the spirits in the club in the 2020/21 season but for the Senior side the season barely got going before it was abandoned.

2021/22 proved to be a season of shattered dreams. The optimism of an opening day win soon turned into a season best watched from behind the sofa as it seemed that everything that could go against the side did. Several changes of manager failed to halt the slide and with too many games decided by a single or a late goal, and with a squad decimated by injuries and departures, relegation from Step 4 after 11 seasons was confirmed in a play-off game.

2022/23 was a tough learning experience for Saints. A preseason that saw the management and playing squad hollowed out for the second time in recent years ultimately proved too much for manager Dean Goodliff and in the new year Michael East and Liam Dwyer took joint control of the team. The threat of relegation never went away and in a crazy end to the season when the three bottom sides couldn't help but win, Saints held their nerve at Harefield to secure the final day win to ensure safety.

Saints will look to take the lessons learned from a chastening season into 2023/24 with a greater sense of confidence and stability and will be looking to the higher regions of the table and not looking down.
